

# BURNING CHURCHES

Mark the Course of the  
Boxers in China.

Servants are Killed

If Employed in the Families of the  
Foreigners.

The Position of all the Consuls and Other For-  
eigners in the City of Peking is in  
Extreme Peril.

Railroad Bridges are Burned and Railroads Torn up so  
That it is Impossible to Get Food and Supplies to the  
International Troops Now Enroute to Peking to  
Protect Consulates From the Boxers.

London, June 16.—With the reports ed for Tien Tsin this morning will land  
coming through Tien Tsin that Boxers  
have massacred a number of native  
converts and servants of foreigners  
east of the city of Peking, besides burn-  
ing the Catholic Cathedral at Peking,  
the situation in the far East appears  
to become graver. To add to the dif-  
ficulties comes the news that telegraph  
communication between Shanghai and  
Tien Tsin has been totally interrup-  
ted. It is generally recognized now  
that the position of foreigners at Peking  
is perilous, as there is only a short  
step from the massacre of the ser-  
vants of foreigners to the killing of  
foreigners themselves.

Commenting upon the supposed hesi-  
tation of the U. S. to actively partici-  
pate in the movement to suppress  
Boxers, as reported in cable despatches  
from Washington, the Statist says: "No  
European power will understand the  
present hesitation of the U. S. and  
jump at the conclusion that American  
feeling and opinion may be disregarded.  
The United States will undertake  
military operations in China as it did  
against Spain if protection of its citi-  
zens requires them to do so, or if the  
Powers threaten to exclude American  
merchants from their rights in China  
acquired by treaty. Unless British  
ministers muddle matters, Great Brit-  
ain can reckon on assistance from the  
United States and Japan in maintain-  
ing, even by force, the policy of open  
door in China."

## INCENDIARY FIRE

Destroy American and English Church-  
es and Foreign Residences.

Shanghai, June 16.—Last night's ad-  
vice from Tien Tsin report that in-  
cendiary fires are destroying American  
and English churches and foreign resi-  
dences and telegraph lines have been  
destroyed, and there is no hope for  
immediate repairs. The train con-  
veying relieving party with food and  
ammunition was obliged to return, be-  
ing unable to reach Lang Fang, where  
detachments of foreign troops, de-  
spatched on Sunday last are now en-  
deavoring to repair the line.

## MINISTER KILLED

And All the Legations in Peking Report  
ed as Burned.

London, June 16.—A special despatch  
from Hong Kong says all the Peking  
legations have been destroyed and that  
the German minister Baron Von Ket-  
teler has been killed.

## BRITISH VESSELS

Orders—Riot is Rumored.

Yellow Fever Among Troops.  
Havana, June 16.—Yellow fever has  
broken out at Quemados, eight miles  
from Havana, where United States  
troops are stationed. Thus far there  
have been 14 cases, three of which  
proved fatal. At present only six are  
under treatment, and all are expected  
to recover. Two soldiers who married  
Cuban women were attacked, but they  
recovered. A sergeant of the signal  
service died.

Wholesale Destruction of Sheep.  
Vancouver, B. C., June 16.—Austra-  
lian advices by the steamer Warrimoo  
say that as a result of the long dry  
season there has been a tremendous  
destruction of sheep, 20,000 perishing  
in a single season. Ruin is staring the  
unfortunate settlers in the face and  
they have been feeding their few sur-  
viving sheep on the leaves of trees.

State Officials Leave.  
Columbus, O., June 16.—Governor  
Nash and the state officials will leave  
this evening for Philadelphia to attend  
the Republican national convention.  
They leave over the Baltimore and  
Ohio in the palatial private car  
"Ogontz," and at the Quaker City will  
be quartered at the Hotel Walton.

Found Skeletons.  
London, June 16.—Reports just re-  
ceived here from the White House-  
Harrison expedition to Abyssinia,  
which safely returned to Mombasa, on  
the east coast of Africa, June 10, show  
that the explorers found the districts  
round Lake Rudolf and Stephanie de-  
serted, the inhabitants having either  
died or left the country. It is added  
that the kraals were discovered to be  
full of skeletons.

## BOTH

Parties Grooming  
Candidates.

Bryan's Choice

By the Democrats for  
First Place

Is as Firmly Determined as is  
McKinley's by the  
Republicans.

But the Puzzle for all Hands is to  
Determine Who Shall Occupy  
Second Place on the  
Tickets.

Philadelphia, June 16.—Speculation,  
gossip and informal conferences among  
national committeemen and other lead-  
ing Republicans who are here has  
failed to indicate a crystallization of  
sentiment around any individual in the  
race for the vice presidential nomina-  
tion. Neither Senator Hanna nor those  
who are close to him give any intima-  
tion that the administration has a  
choice. A number of delegates who  
will vote for any man that the admin-  
istration favors accentuate the general  
impression that the nominee will be  
the man most satisfactory to the pres-  
ident.

Senator Platt's talk of Odell of New  
York caused a little flutter here and  
Congressman Dooliver's stock took an  
upward turn about the same time, the  
cause being the impression that in case  
Odell should be pressed by New York  
there would be a concentration on the  
Iowa congressman by those who do not  
favor the New Yorker.

The candidacy of Lieutenant Govern-  
or Woodruff of New York, who ar-  
rived during the day, is still being  
kept in evidence by his friends, but  
apparently without any backing from  
the Republican managers and with the  
distinct disapproval of Senator Hanna.  
When questioned regarding the state-  
ment made by Senator Hanna to the  
effect that Mr. Woodruff was not a sat-  
isfactory candidate for the vice presi-  
dency, the latter said: "Had I any in-  
timation from the administration that  
my candidacy was not desired, I would  
not have allowed my friends to support  
me to the extent they have."

Towne to Meet Bryan.  
Minneapolis, Wis., June 16.—Colonel  
Bryan tried fishing for half an hour  
but finally gave it up. "Congressman  
Towne informed me that he would  
come here to see me," said Mr. Bryan,  
"but he did not fix a date, and I don't  
know when he will come. I suppose  
he will be here over Sunday." Senator  
Jones is also expected and the three  
will probably hold a conference over  
the vice presidency on the Democratic  
ticket.

# WAR

With the Chinese is  
Certain.

If Celestials

Continue Their Present  
Attitude.

The Situation Has Become  
One of the Utmost  
Gravity.

The City of Peking is Guarded by  
One Hundred Thousand Native  
Troops. Relief Comes  
Slowly.

London, June 16.—This is the situa-  
tion in China as it appears to the  
Shanghai correspondent as cabled to  
The Daily Express:

"It is really a state of veiled war.  
The members of the foreign legations  
in Peking are virtually prisoners, and  
the Chinese troops are only restrained  
from attacking them by fear of the  
legation guards. Meanwhile the min-  
isters are altogether unable to commu-  
nicate with the officers commanding  
the relief column, which is making an  
enforced and isolated halt between  
Tien Tsin and Peking. The walls of  
the capital are guarded by 100,000 im-  
perial troops. The gates are heavily  
defended with modern guns. General  
Tung, acting under orders from the  
empress dowager, says that no more  
foreign troops shall enter the sacred  
city. On Monday the ministers sent a  
demand to the Chinese office that the  
gates be opened, declaring that other-  
wise the foreign troops would enter  
forcibly. To this no reply was given.  
A second message went unanswered,  
or had not been answered when the  
latest news left Peking. Sir Claude  
MacDonald's latest message says that  
the legations are capable of sustaining  
an effective defense unless attacked in  
force."

Russia, it is asserted, notwithstand-  
ing assurances to the contrary, sides  
with China. Some foreign troops are  
already reported to be in the environs  
of Peking, and the attitude of the Chi-  
nese troops is increasingly menacing.  
"The streets of Peking," continues the  
correspondent, of The Daily Express,  
"are reported to be seething with anti-  
foreign mobs, clamoring for the de-  
struction of the legation and the death  
of the foreign ministers. Even were  
the Tsung Li Yamen (foreign office)  
disposed to restrain the violence of the  
reactionaries, it is considered highly  
improbable they will be able to hold  
them in check. For the foreign min-  
isters the crisis will arise when the  
relief column comes in sight of Peking.  
It is still felt here that the foreign  
force is wholly inadequate to battle  
with the hordes of Chinese troops  
massed outside the gates, which now  
include the imperial troops from Shan  
Hai Kwan."

From Tien Tsin it is reported that  
the foreign forces in the harbor will  
attack the Taku forts, and if necessary  
bombard them.

The international column appears to  
be still at Lang Fang, engaged in slow-  
ly repairing the railway, which, ac-  
cording to advices, can not be effected  
for weeks. The force is short of pro-  
visions, and as it is without field trans-  
port it must stick to the railway. The  
report that the mixed forces will seize  
the Taku forts is taken to mean that  
the foreign commanders expect no aid  
from the Chinese government in re-  
pressing the disorders and are deter-  
mined to make Taku secure as a base  
from which to operate.

May Dispatch Warships.  
Washington, June 16.—Owing to  
their natural reluctance to employ  
troops save as a last resort, and the  
disinclination of the war department  
to supply such troops except under  
pressure, the officials were considering  
an alternative proposition. This con-  
templated the putting out of commis-  
sion of several of the big ships at-  
tached to Admiral Remy's fleet, not-  
ably the Oregon, and the addition of  
the sailors and marines so released to  
Admiral Kempf's landing force. The  
big ships carry on an average more  
than 300 men apiece.

No Troops to Be Sent.  
Washington, June 16.—Secretary  
Root declines to discuss the military  
aspect of the situation. He admitted  
that the general Chinese situation was  
discussed at the meeting of the cabinet  
and that Secretary Hay furnished all  
the information he had on the subject.  
To another question he said positively  
that, so far as he was advised, there  
was nothing in the present situation  
in China to call for the immediate dis-  
patch of troops from the Philippines.

To Tien Tsin.  
Havana, June 16.—Fourth Assistant  
Postmaster General Bristow, acting  
director of posts in Cuba, says he will  
probably complete his special work in  
connection with the department so as  
to be able to leave the island June 23.  
He has decided upon a definite plan of  
reorganization, reducing the amount  
paid to officials to a level with those  
paid in the United States. This con-  
templated reduction will amount to  
\$110,000.

A Ghastly Find.  
New York, June 16.—The body of a  
man, with the throat cut from ear to  
ear, was discovered in the upper bay.  
An autopsy showed that the cut had  
been inflicted before the body entered  
the water. In his pockets were an ac-  
count book with the inscription on the  
outside, "Ladd and Tilton, Portland,  
Ore."

Double Tragedy.  
Oneonta, N. Y., June 16.—Because  
she refused to live with him, Charles  
R. Myrick, 42, of Gilbertsville, shot and  
instantly killed his wife, 40, at his  
mother's home at Gilbertsville. Myrick  
then shot himself in the head, dying  
instantly.

Were Murdered.  
West Newfield, Me., June 16.—The  
coroner's jury in the case of the mur-  
ders of the Goodwin family at West  
Newfield brought in a verdict that the  
deceased came to their death by vio-  
lence at the hands of George Champion.

Death on the Gallows.  
New Madrid, Mo., June 16.—Samuel  
Waters, colored, was hanged here for  
the murder in April, 1890, of Frank  
Holmes and wife. The killing grew  
out of a dispute over a division fence.

Stock Farm Sold.  
Lexington, Ky., June 16.—Million-  
aire J. B. Haggin has bought of C. H.  
Whitney his stock farm near Lexing-  
ton of 1,350 acres, for \$115,700 cash.

## HOW

To Capture Steyn's  
Troops

Worries Them.

Buller Soon to Move  
His Operations

Into the Orange River Colony.  
More Fighting is Ex-  
pected Soon.

The Boers are Occupying New Posi-  
tions East of Pretoria. Dewet's  
Victory Was a Very  
Decisive One.

London, June 16.—Lord Roberts' dis-  
patches leave affairs east of Pretoria  
with the Boers withdrawing to new po-  
sitions. News of fresh fighting is ex-  
pected at the war office.

General Buller's patrol had a skir-  
mish with Boer videttes again Wed-  
nesday. Some wonder is expressed  
here as to what he is doing with three  
divisions. It is assumed by some that  
General Buller will move into Orange  
River colony and co-operate with Lord  
Methuen and General Rundle in bag-  
ging President Steyn and his 7,000 or  
8,000 followers.

The British government is consider-  
ing whether a substantial force should  
not be sent to China from South Africa.  
It is thought unofficially that Lord  
Roberts could spare a brigade or two,  
and the necessary transports are now  
in South African waters. The com-  
mander of the expedition, it is said,  
would probably be General Sir Wil-  
liam Nicholson.

The Daily Mail has a dispatch from  
Bloemfontein saying: "General De-  
Wet's attack on the railway was made  
after he had succeeded in luring Lord  
Methuen from where he had destroyed  
the line. Then he cleverly seized it  
north of Kroonstad, blew up the bridge  
and destroyed a long section of the  
line with dynamite." A Cape Town  
correspondent says: "I understand that  
General DeWet, in addition to the Der-  
bysire battalion, captured two com-  
panies of the city volunteers and two  
companies of yeomanry, two men only  
escaping to tell the tale."

A Lorenzo Marques correspondent  
says: "It appears that Steyn and not  
Kruger is now the stumbling block in  
the way of the surrender of the burgh-  
ers. Shortly after the British entry  
into Pretoria, Mr. Kruger proposed to  
reopen peace negotiations. Mr. Steyn,  
bearing in mind that his former advice  
was scouted, demurred to this and  
pointed out that, according to the  
treaty between the republics, neither  
could conclude peace without the  
other."

# LEVY

Upon All the Post-  
masters.

Need of Cash

To Carry on the Coming  
Campaign.

Fat Frying Has Commenced  
in an Ingenious Way  
Which is

Designed to Replenish the Treas-  
ury and Yet Not Subject the  
Fryers to Danger of Peni-  
tentiary Sentence.

An ingenious method of obtaining  
campaign funds from federal office  
holders without subjecting the partici-  
pants to the penalty provided in  
the civil service law and which has  
been adopted by Senator Hanna's  
henchmen is thus described in the  
Chicago Chronicle.

Postmasters of the United States  
have been assessed \$5 each for the re-  
publican national campaign fund. No-  
tice of the mulct was sent out May 1.  
Those delinquent June 1 have received  
urgent reminders. The levy is the  
first frying of the fat out of the Mc-  
Kinley officeholders and its collection  
is being pushed with the refinement of  
partisan finesse.

The assessment is made in the guise  
of an appeal for party organization, so  
thinly veiled that the most humble  
crossroads officeholder is able to iden-  
tify the scheme as the call of the party  
managers. Every fourth-class post-  
master has received ten tickets of  
membership in the National Commer-  
cial and Industrial league with a re-  
quest that he dispose of them in his  
neighborhood and remit the proceeds—  
\$5—at once.

By this ingenious plan indictments  
for violation of the revised statutes  
prohibiting political assessments upon  
officeholders are avoided. The collec-  
tion of the fund has been placed in the  
hands of George J. Corey, who figures  
as president of the league, and who  
has offices in suits 1516, Bowling Green  
building, 11 Broadway, N. Y.

## Avoid Blunders of Last Campaign.

Four years ago Secretary Dick of  
the national republican committee lev-  
ied a campaign assessment upon post-  
masters in more direct and more plain-  
ly worded terms. He narrowly es-  
caped indictment and prosecution.  
This year the republican managers  
have taken care to place the collection  
in the hands of persons outside the  
regular organization and to cover up  
the transaction by giving a business-  
sounding name to the body they have  
called into activity as a McKinley  
campaign adjunct.

After the national committee has  
received the \$500,000 which it expects  
to wring out of the postmasters the  
victims will be turned over to Mr.  
Corey's organization for further ex-  
ploitation.

## Title of Each Contributor.

Each man who remits the \$5 is  
entered upon the books of the Com-  
mercial and Industrial league as the  
president of a local branch. The num-  
bers of these leagues are assigned in  
the first circular. Every federal em-  
ployee whose place is within the reach  
of the administration is expected to be  
politically zealous this year. Mr.  
Corey's bureau will attend to that mat-  
ter.

Postmasters are notified in the cir-  
cular that copies of the campaign  
paper being printed under the direction  
of the league will be furnished them  
and that they will be expected to at-  
tend to the distribution of literature.  
In the second call for money the fed-  
eral office holders are informed that  
every dollar they forward is to be in-  
vested in literature.

## Men Who Garner the Cash.

The officers of the National and In-  
dustrial league are:  
President—George J. Corey.  
First vice president—Charles A.  
Moore.  
Second vice president—Charles A.  
Shieren.  
Third vice president—Frank Tilton.  
Fourth vice president—Phineas C.  
Lounsbury.  
Treasurer—John Van Wormer.  
Assistant treasurer—Josse Larrabee.  
Secretary—B. F. Cronkite.  
Counsel—Theodore Fitch.

Executive committee—Colonel Lewis  
C. Hopkins, Charles A. Hoyt, W. W.  
Hirsh, Z. K. Pangborn, Charles S. De-  
voy, William A. Marble, Jesse Lar-  
abee, Edward Hall and Edward Pay-  
son Con.

Corey the Collecting Agency.

Corey is a close friend of senator M.  
A. Hanna. Four years ago he was an  
employ of a Chicago musical house and  
and an active member of the Mar-  
quette club. He organized and direct-  
ed the Commercial Travelers' Republi-  
can league and was provided with a  
room at the Auditorium headquarters  
of the national committee. He asked  
as a reward for his service the Chic-  
ago postmastership. When that was  
denied him he became a candidate for  
collector for the post. He ran the  
gamut of the office seeker and finally  
was given a commercial agency in Am-  
sterdam at a salary of \$1,500 a year.

## Partisan Objects Made Clear.

The fact that the ticket method is  
used as an evasion of the statute for-  
bidding political assessments is dis-  
closed clearly in the second call. It  
says, after reminding the postmaster  
that he has not forwarded his \$5:

"At this juncture it is expedient that  
we make a satisfactory showing, as  
the national republican committee con-  
venes next month.

What we want is legal membership  
at once."

Accompanying the second letter is  
a four-page circular containing in-  
dorsements and copies of letters from  
postmasters who have contributed.  
In these the official character of the  
levy upon the officeholders is brought  
out again. Cornelius Van Cott, post-  
master of New York city, is given the  
first page of the printed circular, with  
a letter by him May 29, to Mr. Corey.  
He indorses the league's objects.

Thinks He Would be  
the Real Thing

If He Could Make the Other  
Republican Delegates  
Think So.

The West Virginia Delegation are  
Going to Philadelphia With an  
Elkins Shout and Elkins  
Banner on Their Car.

Philadelphia, Pa., June 16.—It now  
looks as though there would be a lively  
scramble among the smaller fry  
for the position of Vice President.  
Dolliver, Woodruff and Long have  
each had a machine made boom en-  
gineered for them during the past few  
days and now along comes Steve El-  
kins, with his unsavory record and  
casts his castor into the ring. Sena-  
tor Scott, of West Virginia, who is now  
here, says he has wired the West Vir-  
ginia delegation to get an Elkin ban-  
ner, string it to their car and come in  
with an Elkin shout. He believes El-  
kin would be strong candidate and  
make an excellent vice president if he  
were to be elected.

## COLLIDED HEAD ON.

Express Trains Wrecked and Two  
Workmen Fatally Hurt.

Springville, N. Y., June 16.—Buffalo,  
Rochester and Pittsburgh train No. 5,  
southbound, which left Buffalo at 5:40  
p. m., and train No. 8, northbound,  
collided head-on at West Falls. Engineer  
William Kation of the southbound  
train, of Buffalo, was killed, and En-  
gineer Frank Mattson of the north-  
bound train, of Bradford, was fatally  
injured. No passengers were killed.

## Philippines Scattered.

Manilla, June 16.—Upon information  
furnished by Major Wheeler to the  
effect that General Lacuna intended to  
attack Papaya, province of Nueva  
Ecija, General Fuston, with staff offi-  
cers, Captain Koehler and Troop G of  
the Fourth cavalry and half a company  
of the Thirty-fourth infantry, repaired  
to Papaya. General Lacuna was found  
with 200 men occupying a position on  
a ridge two miles south of the town.  
General Fuston attacked him vigor-  
ously, 50 Americans charging the en-  
emy under a hot fire. The insurgents  
fled. On their attempting to make a  
stand later Captain Koehler with a de-  
tachement of troops charged and cap-  
tured them.

**The New Treatment that Cures by Destroying the Germs that Produce Catarrh.**

**CATARRH**  
Is a disease from which almost every possible ailment may spring, as Bronchitis, Asthma, Deafness, Constipation, Stomach Disorder, etc. Catarrh has been considered incurable because it has not been understood.

**DYSPEPSIA.**  
After Catarrh once gets into the stomach, dyspepsia soon follows with Liver, Bowel, Heart and Kidney trouble.

**CONSUMPTION.**  
Catarrh also extends down the bronchial tubes, causing Bronchitis, Asthma and finally, on reaching the lung tissue, Consumption quickly develops. All these troubles can be cured if taken in time by removing the cause, which is Catarrh.

**NERVOUS DEBILITY.**  
A catarrhal affection of the Kidneys and Urinary organs many times results in nervous debility, which wrecks the health of so many strong young men.

Dr. Stockdale cures these diseases and restores all diseased organs to normal condition.

SWINBURNE'S PEAN.

British Poet's Latent Poem on the South African War.

The London Saturday Review prints a 12 stanza poem by Algernon C. Swinburne entitled "Astraea Victrix" ("Goddess of Justice, Victress"). The seventh, ninth, tenth and eleventh stanzas read:

And now the quickening tide  
That brings back power and pride  
To faith and love,  
Whose enigma is thy name,  
Bears down the recreant life  
That doomed thy name to die.  
Sons of friends and foes,  
Behold thy star the same.  
As when it stood in heaven a sun  
And Europe saw no glory left  
In her sky save one.

We loosed not on these knees  
The scourge, the convulsed slaves;  
We held the head that fain  
Had risen to smite  
The torturer fast. . . .

All murderous fraud that licks  
In hearts where hell's craft works  
Fought, crawled and slew in darkness,  
And yet we gave not back  
What righteous doom would give.

No false white flag that laves  
On faith till murder dawns  
Blood red from hell.  
Black treason's heart of hate,  
Let ever shame's foul brand  
Scared on an English hand,  
And yet our pride vouchsafes  
Them grace too great,  
For other pride to dream of scorn  
Strikes retribution silent as  
The stars at noon.

THE SITUATION AT CHINA.

There is not much that is really informing in the dispatches from China. The composite army of American, European and Japanese marines and bluejackets which left Tientsin for Peking on Saturday last was thirty odd miles from its destination when last heard from, and its march was delayed by the destruction of the roadbed and bridges along the railway to the Chinese capital. When the little force shall have arrived in Peking there is no reason to doubt that it will be able not only to assure the safety of the foreign legations and the refugees harbored therein, but also to bring the Imperial authorities to terms. The greatest difficulty would confront Minister Conger if he should attempt to adhere strictly to his instructions to maintain independence of action in which concerted action alone would be effective.

## MAN WITHOUT A PARTY.

W. D. Eymun, the Indiana congressman, who was elected to congress on the Democratic ticket and helped to defeat Bryan in 1900, has been re-elected by McKinley who has appointed him a member of the commission to modify the United States criminal laws. Vice D. B. Culbertson, deceased, Eymun tried to break into one of the bi-partisan boards, a position which required confirmation by the senate, but he fell short of enough votes to confirm. He was appointed as a Democrat, but both Democratic and Republican senators refused to recognize him as a member of the party to which he has proved recreant, and turned him down. Then McKinley determined that his work for him should not go unrewarded, threw him a job which did not require confirmation.

## THE TICKET AND PLATFORM.

The strong ticket nominated at Columbus by the Democracy of Ohio on Wednesday is one that commands itself to all good citizens. The platform adopted at the same time and place is a statement of old-fashioned party principles. The ticket and the platform together give Mr. Bryan an equal chance to take the electoral vote of Ohio from Mr. McKinley's column in 1900.

## THE LONGEST DAY.

The sun will attain his greatest northern declination, 23 degrees, 27 minutes, 13 seconds, on June 21st, and that date is popularly supposed to mark the longest day; but that distinction belongs to the 22nd this year by a difference of one minute. On the last day of the month the sun will rise at the same time that it did the first day—two minutes later than it did the greater part of the month.

## TURN THEM OUT AGAIN.

A Democratic congress was elected a few years ago because two sessions of a Republican congress appropriated a billion dollars. One session of the present Republican congress appropriated more than two-thirds of a billion dollars and left a lot of big appropriation for the next session.

## AN EXTRAVAGANT CONGRESS.

Republican extravagance could not be entirely curbed, even in a presidential year. The appropriations made by the republican congress at the session just ended aggregated \$700,000,000.

## WILL BE AN EASY VICTIM.

The Republican circuit convention will be held in Findlay Wednesday, June 27, to nominate a candidate to be badly defeated by Judge Mooney next November.

## AN OFFER

## Made to the Fiqua Manufacturer.

Efforts Will be Made to Raise the Sum of \$8,000 to Bring a New Industry to Lima.

The result of the conference held at the Lima House yesterday afternoon may bring about a satisfactory state of affairs and add to the industries of Lima another manufacturer which will soon have a several hundred employees on its pay roll. Mr. Cahill, of Fiqua, who has been interested in the making of woolen goods of raw material for a number of years, wishes to locate in this city, and after considering several propositions made by the board of trade consented to accept the sum of \$8,000 as a cash bonus to build a factory for the manufacture of underwear and woolen goods.

The gentleman wanted to organize a stock company but the board did not think it could be done and after considerable parley the above plan was agreed upon. A committee consisting of D. J. O'Day, E. Christen and W. F. Neuman, was appointed to see if the money could be raised. Mr. Cahill agrees to begin work with 75 hands the first year and increase the number to 400 after the factory has been established five years.

## Of the Bloodthirsty Savages

## Well Planned,

## But They Met With Terrible Slaughter.

## Dr. Stueber Describes an Attack in Which Blood Flowed Freely.

## An Interesting Letter From the Philippines Which Contains Numerous Incidents and Observations.

An interesting letter has just been received recently from Dr. L. J. Stueber, who is performing the indispensable functions of a surgeon in the Philippine Islands. The doctor in citing the incidents of his present exciting life, graphically describes a midnight attack of the military quarters and the frightful slaughter of the savages that followed. To his friend Alex Frankle the doctor writes as follows:

Davao, Island of Mindanao, P. I.  
April 22nd, 1900.

Friend Alex.—Well, da bin ich und kein tropfen beer da! First of all I wish to thank you for your kindness in mailing me the papers. You can not know how much they have been appreciated not only myself, but also by the poor devils who are sick in this hot climate, and God knows we have enough of them sick—typhoid, malaria and small pox is playing hob with the boys here and not one drop of cool water and ice unknown here. I will not attempt to tell you of everything that I have seen or passed through since I left home, as that would take too much of your time, but a few incidents may be of interest to you. For three weeks I have accompanied an expedition headed by Gen. Bates which has been cleaning this island in some places, of the bands of savage robbers, as well as garrisoning a few of the principal posts. On the 7th of April we landed at Cagayan, 40 miles from this point. There I was left with a force of four companies. Things looked quiet and the town was nearly deserted. The next morning at 3:50 hell was turned loose. The Morros, a savage tribe, had fooled our sentinels by driving a number of cattle in front of them and the guards, mistaking them for men, permitted them to approach. The result that four guards were killed with holes and literally cut to pieces without an alarm being given. By accident one of the hospital nurses saw them and by that time five to eight hundred had surrounded the quarters and were in possession of the town. The nurse killed two as they attempted to climb a ladder reaching to the hospital door. (All the buildings are built on poles 10 to 12 feet high.) This aroused the entire command of 448 and in a few minutes it was a picnic—the natives fought like demons with their few antiquated guns, spears, bow and arrows and bolos. At daylight we buried 76 of them, had wounded 97 and taken prisoners, 23. About 80 attempted to reach us by crossing a wide river in boats. They were seen and the boats were simply shot to splinters and their bodies washed out to sea a few miles distant. We had four killed and nine men and one captain wounded. I had plenty of work for the next few days.

This regiment is almost entirely composed of men from the western states and great guns, how they can fight and shoot. These are not the Philippine insurgents, but a savage people who populate this part of Mindanao. They are of Malay descent and are head hunters, and keep and sell slaves who are the prisoners they capture on their numerous raids. They wear nothing but a breech cloth and a head of curly, wooly, bushy hair. Davao is a nice place on the Sulu sea, 6 degrees north of the equator, 700 miles south west of Manila and 2 or 3 hundred miles from Borneo. I am the only surgeon here, and the natives come from all the Barrios (small towns) around to consult the "ol medico Americans." It's very amusing to us. They think an American doctor is a little God, you ought to see some of my fees. For instance, today an old fellow who had been wounded by a tough brought me two goats, another some chickens, another a rug, cane and cloth made of the fibre of pine apple tree.

This experience out here is well worth all the hardships I am going through. Near here is plenty of gold in the streams and mountains, and just as soon as it is safe to go into the

country, some one is going to make plenty of money. This is the place for a young man that has no family, and if he will remain here for ten years, in any business, he will make a fortune. The hemp business affords many opportunities for good investments, as well as sugar and tobacco; the latter almost as good as Sumatra can be bought for 30c a pound.

Don't know when a steamer will go to Manila with mail. Send along any old paper from the Christian Herald to the Police Gazette. The last news we have heard was that Gen. Cronje had surrendered. Remember me to the new paper boys.

Yours  
L. J. STUEBER.

### A NEW

Richmond Has Entered the Lima List,

And the Local Champions Have Found a Foe Worthy the Steel of a Champion.

An impetus has been given to the star checker players of Lima by the appearance of a new champion in the field. Up to date, Messrs. Barr, Rice, Everton and Burkhardt, who are recognized as a class to themselves, have been up against the new comer and have each in turn, gone down in bitter defeat. The new comer is a Mr. Temple who is employed as a harness maker in a south side establishment, and his playing is said to be a revelation.

A contest took place Thursday evening at the Y. M. C. A., but it was very much one sided, as Temple managed to run all of his games. Since his coming he has played one of his challengers blind folded, the moves being made by an assistant acting under Temple's direction and the Lima novice was beaten. During the play the local champion made a move which Temple advised him to change, as it would mean the loss of two men. His opponent saw the mistake and corrected it, but try as he would the best playing he could do was not good enough to win from the "blind man."

There is some talk now about arranging for a contest that will bring some good players to Lima for a series of games. The local champions are playing long and often with that end in view.

## Of Trains on Two Local Roads

## To Be Changed

## C. H. & D. and L. E. & W. Schedules

## Unsatisfactory. Findlay Has Invited Freight Agents to Meet There.

Engineer Jeff. Cook Meets an Obstacle in the North Lima Yards Which Cost the 201 a New Pilot.

The change made in the running of the Sandusky accommodation train on the L. E. & W. under the new time weeks ago, may not be permanent. The running of the train between St. Marys and Sandusky has not proved to be a paying experiment and a change may be made in the near future. The change now contemplated is the running of the train through between Muncie and Sandusky. Conductor Wm. Crist, who runs the train, removed his family from this city to St. Marys but has not yet gone to house keeping in the canal town, on account of the future of his train being undecided.

Superintendent Fleeter and chief despatcher Louy, of the C. H. & D. are in Cincinnati assisting in the work of getting out a new time card which goes into effect tomorrow. The change will not materialize if the time of the trains on this division.

### FINDLAY WANTS IT.

A. W. Brown, agent for the C. H. & D., says the Findlay Republican stated Wednesday that he had every reason to believe that the freight agents of the above road would hold a convention in that city in the near future. Mr. Brown said that during the recent convention of the C. H. & D. freight officials in Cincinnati it was decided to meet once every three months and discuss plans for the betterment of the freight business along the line.

"When it was agreed to hold these quarterly conventions," said Mr. Brown, "I immediately proposed Findlay as the next place of meeting. Although nothing definite was decided concerning the matter, I fully believe that this city will capture the next convention."

Over 150 railroad men attend these freight agents' gatherings which generally continue in session for two days. It is the custom to close the convention by giving a banquet in one of the leading hotels.

### NOTES.

The private car of "Ward's magnificent Barlow minstrels" was brought to Lima yesterday to have some needed repairs made at the Lima machine works. Accompanying the car were Harry Ward, T. H. Murphy and W. F. Mason, the band leader. The company has just closed the longest season of minstrelsy in its history, starting on Decoration day of last year and winding up on the 9th of the present month.

The statement made in the railroad column Thursday that there would be an excursion over the C. H. & D. to Cincinnati Sunday, was a mistake. The excursion train goes in the other direction to Toledo, where the Casino is now in full blast.

Josh Welsh, a well known former L. E. & W. brakeman, now employed on the C. S. & H. R. R., is here from Columbus on a brief visit and is the guest of conductor Deenen, of the L. E. & W.

The first part of the week train 31 on the C. H. & D. covered six consecutive miles east of Oxford at an average time of 48 seconds per mile.

Negotiations are pending which will likely result in the Big Four, the Erie and the Hocking Valley building a union depot at Marion, O.

W. H. Tigar, chief train despatcher of the Pittsburgh at Fort Wayne, was a visitor in Lima yesterday.

Despatcher Packard, of the C. H. & D., has planned a trip through the North-West for the benefit of his health, and expects to be gone several months. He will take his departure about the middle of August and has fixed Eugene, Oregon, as his objective point. A fine season of open air sport at hunting and fishing is promised him by friends in that neck of the woods.

Train No. 8 on the Pittsburgh will have on an extra coach tonight carrying the delegates from California to the Republican national convention

at Philadelphia. There will also be a special train over the same road from Chicago Sunday.

### IN THIS CITY

## A Bowling Green Man Weds a Lima Young Lady.

Foster Sears, of Bowling Green, and Lizzie Murphy, of this city, were united in the holy bonds of wedlock Thursday evening at 7:30 at the priest's residence. Rev. Father Mooney performed the ceremony that bound the happy couple together for life. The many friends of the Lima bride wished the happy pair a happy future.

The bride wore a handsome suit of blue trimmed in white satin and ribbon, while the groom wore the usual black.

After the marriage ceremony, they were driven to the home of the bride's sister, Mrs. P. J. Kearney, of Forest avenue, where a delightful supper was served to a few friends and near relatives. Mary Murphy, sister of the bride, acted as bridesmaid, and Patrick Kearney was the groom's best man.

The young couple left next morning over the C. H. & D. for Toledo and other northern points, and in a few days will go to housekeeping in Bowling Green, Ohio.

**JOHN HASTINGS**  
Was elected to the Twenty-sixth congress in 1838 from the Seventeenth district, Columbiana county, and re-elected to the Twenty-seventh in 1840, from the same district. He was an attorney and business man of prominence, and returned to the pursuits of private life after his services in congress. Born in 1788. Died in Columbus, Ohio, Dec. 29, 1854.

**DAVID A. STARKWEATHER.**  
David A. Starkweather represented Stark county in the Thirty-second and Thirty-third general assemblies, as a member of the senate in the Thirty-fifth and Thirty-sixth, beginning his legislative services in 1832, and ending them in 1837.

**NATHANIEL GREENE PENDLETON.**  
Nathaniel G. Pendleton was the son of a prominent Revolutionary officer on the staff of General Nathaniel Greene, and was named in honor of that distinguished Revolutionary hero. Unlike his distinguished son, George Hual Pendleton, he was not given to politics. He served a single term in congress, being elected to the Twenty-seventh in 1840, from the First district, Hamilton county. He was born in Savannah, Georgia, his father, Colonel Pendleton, being a Virginian. Aug. 21, 1793, and emigrated to Ohio when a young man, locating in Cincinnati, where he died June 15, 1861.

**BENJAMIN S. COWEN.**  
Benjamin S. Cowen represented Belmont county in the lower house of the legislature from 1844 to 1847, having previously been elected in 1840 from the Eleventh district, Guernsey and Belmont counties, to the Twenty-seventh congress.

**JOSHUA MATHIOT.**  
Of Licking county was elected to the Twenty-seventh congress in 1840 from the Twelfth district, embracing Licking and Muskingum counties. Mr. Mathiot had few, if any, political ambitions, and his election to congress was in the nature of a compliment to his sterling virtues as a citizen. He was among the early pioneer settlers of Licking county. He was born in Ohio in 1789, and died in Newark July 30, 1849.

**JAMES MATTHEWS.**  
Was a highly respected citizen of Coshocton county, who served his people acceptably in both branches of the legislature and in congress. He served two terms in the house from 1831 to 1833, and from 1837 to 1840; he served in the senate during the Thirty-seventh and Thirty-eighth sessions of the general assembly. In 1840 he was elected to the Twenty-seventh congress from the Thirteenth district, containing the counties of Coshocton, Knox, Tuscarawas and Holmes. He was re-elected to the Twenty-eighth, in 1842, from the same district. He was one of the pioneers of Coshocton county, and did much toward promoting the interests of the community in which he resided. He was born in Ohio in 1800.

**SHERLOCK J. ANDREWS.**  
Of Cuyahoga county was elected to the Twenty-seventh congress in 1840 from the Fifteenth district, comprising the counties of Cuyahoga, Lorain, Portage and Medina. He was born in Wallingford, Connecticut, Nov. 17, 1801, and graduated from Union college in 1821. In 1825 he migrated to Cleveland, where he rose to distinction in the legal profession. He was elected judge of the superior court of that city in 1848 by the legislature, and was elected judge of the court of common pleas, under the second constitution, in 1857, and continued to hold that office until 1873, and was noted for the force and clearness of his judicial decisions. He came within four votes of being elected United States senator in the heated contest of 1851, which finally terminated in the election of Benjamin F. Wade.

**EMERSON DEAN.**  
Emerson Dean of Wayne county, a leading lawyer in the northern part of the state, was elected president judge of the Eleventh circuit by the legislature in 1834, and served until 1841.

**SAMUEL STOKELY.**  
General Samuel Stokely, a citizen of Jefferson county, enjoying local prominence, represented the voters of that constituency in the Thirty-sixth and Thirty-seventh general assemblies as a member of the senate. In 1840 he was elected to the Twenty-seventh congress from the Nineteenth district, Jefferson and Harrison counties. He was a major general of militia, took part in the War of 1812, being one of the pioneer settlers in eastern Ohio. He was a lawyer of much prominence and had a wide practice, and to this he devoted his best energies.

**ROBERT C. SCHENCK.**  
Robert Cumming Schenck was of Dutch descent. His father, Roscoe Martense Schenck, a native of Holland, served on the staff of General Harrison, and died in 1821. Robert became the ward of General James Findley and was graduated from the Miami university, at Oxford, in 1827, and remained as a tutor in that institution until 1830, when he was admitted to the bar and began the practice at Dayton. He was an ardent advocate of the doctrines and principles of the Whig party, and became a Republican when that party was organized.

**ROBERT C. SCHENCK.**  
He entered public life in 1831, when he became a member of the Ohio house of representatives and served two terms. In 1842 he was elected to the Twenty-eighth congress from the Third district, composed of the counties of Montgomery, Warren, Clinton and Greene, and was re-elected to the Twenty-ninth in 1844, to the Thirtieth in 1846, and the Thirty-first in 1848, from the same district.

**ROBERT C. SCHENCK.**  
In 1851, upon the expiration of his fourth term in congress, President Millard Fillmore appointed him as minister to Brazil, where he represented the United States government to the satisfaction of both, and largely contributed to the negotiation of a treaty of peace and amity between the republics of Paraguay, Uruguay and Argentina. He returned to the United States in 1853, and for several years took but little part in politics.

**ROBERT C. SCHENCK.**  
At the outbreak of the Civil war he entered the service as a brigadier general, and served in the West Virginia campaign under Generals Rosecrans and McDowell. He commanded a division at the second battle of Bull Run, where he was wounded in the right arm, that member becoming useless during the rest of his life. Though dangerously wounded, he refused to be removed from the field until his sword, which had been lost when he fell, was found and restored to him, and he carried it from the field. He was invalided until December, 1862, when he was promoted to major general and took command of the Middle division of the Eighth corps, with headquarters at Baltimore. As a soldier he was courageous, brilliant and dashing.

**ROBERT C. SCHENCK.**  
In 1862 he was elected to the Thirty-seventh congress from the Third district, Montgomery, Preble, Butler and Warren counties, and was re-elected to the Thirty-ninth in 1864, the Fortieth in 1866, from the same district, and the Forty-first in 1868. In congress he was a conspicuous figure, and James G. Blaine, in his "Twenty Years in Congress," said of him: "Robert C. Schenck was an invaluable addition to the house. He was at once placed at the head of the committee on military affairs, then of superlative importance, and subsequently made chairman of ways and means, succeeding Mr. Stevens in the undoubted leadership of the house. He was admirably fitted for the arduous and difficult duty. His perceptions were

**KEON.** His analysis was extraordinarily rapid, his power of expression remarkable. On his feet, as the phrase went, he had no equal in the house. In five minutes' discussion in committee of the whole he was an intellectual marvel. The compactness and clearness of his statement, the facts and arguments which he could marshal in that brief time were a constant surprise and delight to his hearers. No man in congress during the present generation has rivalled his singular power in this respect.

**KEON.** "He was able in every form of discussion, but his peculiar gift was in leading and controlling the committee of the whole." In 1871 General Schenck was appointed by General Grant minister to Great Britain, in which capacity he served with distinction until 1875. It was during this period that he was appointed a member on behalf of the United States of the celebrated joint high commission, which assembled at Washington and effected a treaty providing for the Geneva conference, a measure which, by the substitution of arbitration for war in the settlement of a serious controversy between two powerful and warlike nations, marked an era in the development of the spirit of a true Christian civilization.

**KEON.** He took but little part in politics after his return from England, but devoted his attention to the practice of the law in Washington, D. C. He was born in Franklin, Warren county, Ohio, Oct. 4, 1809, and died at Washington, D. C., March 23, 1880.

**EMORY D. POTTER.**  
For more than half a century Emory D. Potter of Lucas county was one of the most prominent Democratic citizens and lawyers in the northwestern part of the state. In 1838 he was elected president judge of the Thirteenth circuit, and he held that office until he entered congress.

**EMORY D. POTTER.**  
In 1842 he was elected to the Twenty-eighth congress from the Fifth district, embracing the counties of Lucas, Mercer, Van Wert, Paulding, Williams, Henry, Putnam, Allen, Shelby and Hardin.

**EMORY D. POTTER.**  
He did not seek a re-election, and in 1847 was sent as a representative to the Fifty-sixth general assembly of Ohio. In 1848 he was elected to the Thirty-first congress from the Fifth district as above. Curtains and see for yourself. Our Lace Curtain sale have been phenomenal. The department manager today notified the manager that many of the numbers must be reordered at once, as the large quantities bought early, expecting to last the season were almost entirely sold; but by reducing prices of some to fill in the numbers that were sold, still keeps the range of prices intact as follows, and we are selling a moderate width Nottingham Curtain for 60 cents per pair, another for 65 and a better for 75 cents. Our \$1.00 is a beauty, and having sold out of \$1.25 were laced one of our \$1.50 ones to take its place, but there is no profit in it. We also did the same thing for our 1.75, reducing one of our 2.00 ones to keep the ranges of prices full. Remember we give a curtain pole free with every pair of curtains we sell, either by the yard or pattern.
